Can Provide Your Family With a Vacation to Remember

Reservations: **888-UP-CULLEN or 888-(872-8553) Local: 218-963-2249**

**Upper Cullen Resort** is a family owned and operated housekeeping resort located just five minutes northeast of Nisswa and away from disturbing City noises. What you'll find is a quiet, secure, relaxing setting surrounded by 35 acres of heavily wooded grounds for you and your group to enjoy. Our resort has been a "Family Owned" Resort Since 1928. One step from "Golden Pond".

**Quality Accommodations.** All of our cabins feature microwave ovens, automatic coffee makers, conditioned soft water, cable TV and cabin-side parking. All bed linens and cooking utensils are provided. As a "housekeeping" resort, you will need to bring your own towels and other personal items. An aluminum fishing boat is available at a small additional charge with your cabin rental.

**Activities** like FREE Weekly Hay wagon rides abound during the prime summer season. We also have a 1500 sq. ft. air conditioned Lodge/Store with an on-site laundry and game room, a small animal petting and feeding zoo and play areas on our 35 acre property. There's always something to do at our resort, or close-by.

**Great Lakes!** The three-lake Cullen chain boasts some of the most consistent fishing here in the Brainerd Lakes Area. Abundant northern, large mouth and small mouth bass, pan fish and some walleye gives Upper Cullen it's reputation for consistency while maintaining just enough of a challenge to entice even the best anglers to try their luck. Come explore the Cullen Chain of Lakes, **Nisswa's Best Kept Secret!**

**Our Lake.** Upper Cullen Lake, the most serene and undeveloped of the three lakes in the Cullen Chain has no public launch access (other than our private resortboat launch) which preserves the quality of life here for the lake's residents and guests. This 435 acre lake is yours to enjoy without the noise and annoying traffic found on some other lakes. At one and one quarter miles across and 40 feet deep, Upper Cullen Lake is perfect for swimming, fishing and most water sports and is navigable during most all weather conditions. **Our resort was considered as one of the finalist locations for the filming of the movie "Grumpier Old Men".**

**Nearby Attractions.** We're just minutes from numerous area Golf Courses, unique **shopping**, great dining, entertainment parks and the famous Paul Bunyan Trail. Many Area Events are held each summer season.

Visit us and discover that  
There is Something For Everyone Here In The **Brainerd Lakes Area!**
